Kaufman-Langford Bout Postponed.

Because of Rain, Philadelphia Ring Eattle Holds Over Until Today-White Sox Win from Foston in Twelfth-Weather Prevents All State League and Three National League Games.

Philadelphia. Aug. 10.—With Al Kaufman of California and Sam Langford, the negro heavyweight from Boston, in the city ready to do battle, the six round bout between the two man scheduled for tonight at the grounds of the Philadelphia National league baseball club has been rostponed. Weather permitting, the men will meet tomorrow night; but, in the event of rain, the first clear night thereafter.

While rain fell mearly all day, the decision to postpone the bout was not arrived at until 5 o'clock.

Kaufman, accompanied by 'siliy Delaney, his sparring partner and manager, arrived in Philadelphia tousy and expressed confidence in the o't) one o' his meeting with Langford. Lelaney was equally confident. He said:

"Al will beat that fellow. He will simply fight the 'tar baby' off his feet."

"Johnson says that Kaufmaa is the second best man," said Sam Langford, "and that is one of the reasons I am going to meet him. I expect to win inside the limit. If I beat Al easily then Johnson can hardly say I am in the infant class."

POP GEER ON CRUTCHES.

POP GEER ON CRUTCHES. Still It Doesn't Interfere With His Driving Ability.

After thirty years behind the trotters and pagers. Marse Ed, as they call the genius of the Village Farm before turt writers handed him the name of Pop. is still the greatest teamster of them all.

Geers goes about on crutches just now, the regult of a spill a couple of weeks ago. This doesn't interfere with the grand old man's ability to tool a winner, as witness the performance of The Abbe and Dudie Archdale in the Chamber of Commerce and A. and M. a. Detroit blue ribbon meeting.

Six, times since he started driving light harness horses has Geers suffered from broken bones. The number of respect accidents are too numerous to mention, yet each year he comes back with a string of sterling regions.

The classiest thing in the Geers said to be string this year, and one of the grandest trotters ever bred, is The Harvester, destined to become world's champion trotting stallion and a worthy successor to the great Cresceus.

Philadelphia. August 10.—Covered with mud and dirt, 28 survivors of the 124 entrants in the 500-mile endurance run which started from this city on Monday under the auspices of the American Federation of Motor Cyclists, finished to-night when they arrived in this city from Newark, N. J. The run on Monday from Philadelphia to Stroudsburg was made in a heavy rainstorm; the run yestrday to Port Jervis and Newburgh, N. Y. thence to Newark was made over wretched roads, and the finish to-day was made in the rain.

The officials of the run have not yet checked up their points and the official announcement of the standing of the riders will not be announced before to-morrow. The first rider to arrive in Philadelphia was C. C. Palmer, who rode an Indian machine. He arrived at 5:22 1-2.

FINANCIAL AND COMMERCIAL.

A SPIRIT OF CAUTION Develops on Part of Those Operating for Price Advance.

New York, Aug. 10.—A spirit of caution on the part of those who have been operating in the stock market for an advance in prices began to manifest itself in the action of the market today. The recling was based as much on the duration and extent of the recovery as en any positive developments bearing on values.

The low prices of the year were touched two weeks ago and no important interruption to the recovery has occurred since that time. The average prices of the stocks usually selected as most representative of the whole market's mevement sold this morning rather more than five points higher than two weeks ago. In the active market eaders the advance has been greater, reaching from about ten to thirteen points in a number of cases. As the recovery has proceeded the demand to borrow stocks for delivery has diminished and today there was reported in the loan department the return of blocks of stocks which have been so borrowed for delivery. The borrowing for delivery is a part of the carrying of a contract on the short side of the market and its subsidence accompanies a reduction of the uncovered short interest and of the potential demand for stocks. Not only did the demand from the shorts show these signs of dying down, but signs appeared of an increased disposition to sell stocks, which were teken to mean that buyers at the lower prices were desirous to convert their profits to cash. The professional traders on the floor of the stock exchange were inclined to take the selling rather than the buying side in accordance with the response of prices to testing operations.

Events which were not regarded as unifavorable in themselves did not

Events which were not regarded as unfavorable in themselves did not check the disposition to sell. Such was the report by the United States Steel corporation of the tonnage of unfilled orders on hand on Aug. I. which was given out today in accordance with the new policy adopted at the last quarterly meeting of the directors. There was shown a decrease for the month in that item of 286,86 3tons.

A firmer tone was reported for the market for coppar metal both in London and New York in response to the improvement in the statistical position of that metal.

Time loan rates were shaded in New York today, six months' money being placed at 4 3-4 per cent. Bonds were irregular. Total sales, par value, \$1,422,000. United States bonds were unchanged on call.

There is plenty of interest in the Langford-Kaufman bout at Philadelphia on Wednesday night and in the Ketchel-Lang affair at New York on Aug. 15. Both are limited round, decisionless encounters, but a knockout or a clean cut victory in either case will have a bearing on the heavyweight championship.

Johnson has declared that he believes the hard slugging 210 pound Kaufman the only fighter fit to meet him. If little Langford, who weighs 170 and hits like the kick of a mule, puts him out, the Blackjack will have a hard time avoiding the claims of the Tar Baby. The experts seem to favor Langford. He is a more clever fighter than the hard hitting, wild swinging Kaufman.

As for the Lang-Ketchel engagement the Australian seems to have risen in public favor. His licking of the venerable Fitzsimmons doesn't go for much, but his twenty round go with Tommy Burns is considered somewhat impressive. Burns once whipped him in six, but he came back. Johnson licked him in nine rounds when he was green. Jim Corbett and Hugh McIntosh pick him to win: in fact, they consider him a world beater. Dick Howell also likes his style, and Dick-has had plenty of opportunity to observe, for Lang is training down at Captain Bond's, in

Willie Keane, who played in Meriden under the name of Fallon and want to New Britain later, was a fine second sacker, and for two or three years he hit well, but he too, lost his batting eye, and the last year he was in the league, although he made a splendid record as a fielder, he couldn't hit enough to break an egs. Norwich had big Bill Lord for a season or two, and he was better than a big man usually is. DON'T WORRY It Makes Wrinkles.

Werry over ill-health does your health no good, and merely causes wrinkles, that make you look effect than you are.

If you are sick, don't werry, but go about it to make yourself well. To do this we repeat the words of thousands of other former sufferers from womanly ills, similar to yours, when we say, lake Viburn-O.

It is a wonderful female remedy, as you will admit if you try it.

Directions for its use are printed in six languages with every bottle. Price \$1.25 at druggists.
